

Amendment to Memorandum of Agreement  
August 24, 2006

II. The Training Program

B. Key Training Elements (fifth bullet):

Current language: "An application interface simulation on compact disc for each participant"

Replace with new language: "A web-hosted application interface simulation available to each participant."

III. Roles and Responsibilities of the Parties

• (11<sup>th</sup> bullet)

Current language: "Develop an application interface simulation on compact disc as described in "key training elements" above."

Replace with new language: "Develop a web-hosted application interface simulation as described in "key training elements" above."
