Board of Directors
Triunfo Sanitation District
Ventura County, California

May 16, 2011

IDENTIFICATION BADGES FOR TSD BOARD MEMBERS

At the request of Board Chairman Paule, staff compiled design and cost alternatives for identification badges for TSD Board members. The attached sheet shows several draft designs for your consideration, as well as a photograph (on the reverse side) of actual badge samples for reference.

Depending on the chosen size and design complexity, the total cost for five identification badges would run from approximately \$40 to \$165. Assuming staff was able to place an order by Wednesday, May 25, finished badges would be available in time for the June 9 Oak Canyon Reservoir Project Launch Event.

If you have any questions, please do not hesitate to contact me at (805) 658-4608 or sandywarren@vrsd.com.

Recommendation

It is recommended that the Board determine if identification badges are to be prepared, and, if so, to provide direction to staff with regard to the desired size, layout, and design.
