OAK PARK OVERLAY PROJECT

Summary

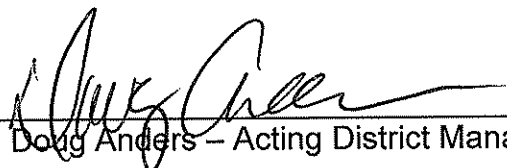

The County of Ventura approved a contract with Sully-Miller (Orange County) for a major road overlay project in Oak Park. County staff anticipates that the project will begin on or around July 12, 2011.

Staff has been in contact with Ventura County Transportation Department (Transportation Department) staff in an effort to minimize, as much as practicable, any disruption to either Triunfo's or the County's project.

The Transportation Department will be conducting a preconstruction meeting prior to July 12, 2011. Triunfo staff has been invited to attend the preconstruction meeting and we will be on hand to provide information regarding the Oak Canyon Reservoir project timeline and construction activities.

I will provide additional updates as they are available.

APPROVED FOR JUNE 27, 2011 AGENDA

Doug Anders – Acting District Manager
