OAK CANYON RESERVOIR PROJECT – PUBLIC OUTREACH PROGRAM UPDATE

The public outreach program in support of the Oak Canyon Reservoir Project continues with various strategies in progress and planned. Activities completed since the September 26, 2011 TSD Board meeting include:

- Included project update in October OPWS water bills, which featured three photographs of current project work, including the jack-and-bore process;
- Updated auto-attendant message on Project Hotline with summary of current activity;
- Updated TSD website with new photos of construction progress;
- There was one call received on the Project Hotline – the caller had seen the October bill stuffer and had a question about the proximity of the bore-and-jack operation to nearby homes. He also asked about the potential for uncovering Native American artifacts and I explained about the onsite archaeologist. All questions were answered to the caller's satisfaction.

The following outreach activities are scheduled for the next 30 days:

- Project update in November OPWS water bills;
- Updates to Project Hotline auto-attendant message;
- Response to calls on Project Hotline;
- Periodic updates to TSD website.

If you have questions, please contact me at (805) 658-4608 or sandywarren@vrzd.com.
